The meeting was reopened for public questions. There were none.

Superintendent Morris made a presentation on the possible impact on the Bloomfield School budget of the 1% increase in sales tax, and changes in the state income tax approved by the Legislature on December 31, 1982. Dr. Morris stated the impact of possible restoration of state aid at this time was speculative and until firm figures were received from the state, no definite recommendation would be made to the Board.

Superintendent Morris reviewed a memorandum he sent to the Board which recommended certain changes in the 1982-1983 budget to meet a 3% reduction in state aid funds mandated on December 22, 1982 and later made unnecessary by the increase in sales tax and state income taxes approved by the Legislature on December 31. Dr. Morris recommended that all 1982-1983 budget adjustments originally recommended in his memorandum be continued in the interest of economy, with the exception of \$45,000 for two paving projects already approved by the Board.

The Board reviewed a budget calendar for the months of December, 1982 and January, 1983.

Mrs. Horowitz requested an updating on current teacher substitute rates.

Upon motion of Mrs. Cerone, seconded by Mrs. Hutchison, the Board approved the following resolution for emergency heating repairs at Bloomfield Senior High School:

R E S O L U T I O N

- WHEREAS, on January 26, 1983, it was found that four vacuum condensate return pumps manufactured in 1928 and installed in the heating system for the main building at Bloomfield Senior High School have worn to the point where they no longer create the vacuum necessary to return water to the boilers which heat the main building. The failure of these pumps makes it difficult to heat portions of the main buildings, exposes the steam piping systems to the possibility of freeze-up at night and on weekends due to water remaining in said pipes and the improvised hookup now in place is wasting both fuel oil and water as cold water must be constantly added to the boilers to maintain the proper water levels therein, and the return water which condenses as the steam in the heating system cools is being pumped into a sewer, and
- WHEREAS, this failure on the part of the heating system at Bloomfield Senior High School is making it difficult to maintain proper temperatures in the classrooms at Bloomfield Senior High School which may affect the health of the students at the Senior High School, and
- WHEREAS, the failure of these vacuum condensate return pumps was a sudden and unexpected occurrence and the cost for the repairs of these pumps will exceed \$4,500, and
- WHEREAS, the Board of Education has had installed a temporary system to remove the water which condenses in the heating system by gravity flow, and
- WHEREAS, this Board is charged with the legal duty of providing the children of this school district with suitable educational facilities including proper school buildings and equipment, and
- WHEREAS, because of the foregoing this Board of Education is of the opinion that an emergency exists within the intent of R.S.18A:18A-7 in that repairs must be made immediately so that the heating system in the main building at Bloomfield Senior High School can be returned to proper functioning as soon as possible and further to prevent additional damage to said heating system due to freezing of the condensed water in the return pipe system and that normal procedures for conforming to statutory bidding requirements would result in extensive loss of time, and
- WHEREAS, the work of repairing the vacuum condensate return pumps can likely be commenced by February 1, 1983, and most probably completed within three weeks, thus providing a suitable educational facility for the children of the school district.
- NOW, THEREFORE BE IT RESOLVED that this Board of Education does hereby declare the existence of an emergency in connection with the failure of the vacuum condensate return pumps in the heating system for the main building at Bloomfield Senior High School on January 26, 1983 and that repairs to the heating system in said school should be commenced as soon as possible so that the heating system at the Senior High School can be returned to normal functioning as soon as possible and thus provide suitable educational facilities for the children of the school district; that normal bidding procedures be dispensed with and that this Board authorizes the School Business Administrator and Secretary to the Board to negotiate the repair of these pumps with the Nash Engineering Company of Stamford, Connecticut, the manufacturer of these pumps, for all repairs necessary in connection with the failure of these vacuum condensate return pumps, and that this Board enter into a contract or agreement with the Nash Engineering Company upon such forms as may be approved by the Board's Attorney and further require of such contracting party any and all performance bond and insurance as required by law.

This settlement represents all of the damage costs for this fire, less the deductible of \$1,000 contained in our policy with this insurance company. In addition to this settlement, our insurance company paid approximately \$3,000 directly to the company which did the cleanup of the building after the fire.

(Carried unanimously)

Upon motion of Mrs. Cerone, seconded by Mrs. Hutchison, the Board approved of the payment of \$1,224.53 to M. Miller & Son, Inc. of Hillside, N. J., Public Adjuster, for their services in adjusting the claim for the fire damage at Fairview School on October 13, 1982. This fee represents 5% of the net recovery of \$24,490.66 from the Atlantic Employers Insurance Company.

Superintendent Morris reported that Bloomfield would be monitored on February 7, 1983, based on the annual plan previously submitted. Mr. West talked with the Board regarding the Office of Equal Opportunity Awareness Workshop scheduled for March 2, 1983 in Elizabeth, N. J. and encouraged Board members to attend.

Board Secretary Harvey reported on the status of the Essex County Pension Fund arrears and explained that a steering committee involving six school business officials, including Bloomfield, had been formed and is considering engaging a pension consultant to review this matter. The \$33,000 bill for Bloomfield will be paid now to avoid interest charges. A letter of protest will be sent with this bill.

Mr. Schwartz explained that a letter had been directed to the Essex County Pension Fund requesting more specific data on this problem.

Dr. Morris advised the Board he had been invited to attend a meeting with Dr. Robert Boose, Essex County Superintendent of Schools and Ms. Nida Thomas, of the Office of Equal Educational Opportunity, on February 16, 1983.

Dr. Morris reported to Board members that monitoring of Bloomfield by a representative of the State Department of Education scheduled for February 7, 1983 had been postponed because of inclement weather.

Questions and answers followed.

Dr. Morris explained that the 1983-1984 tentative budget must be approved by the Board in time for submission to the County Superintendent of Schools on February 15, 1983. He then reviewed a detailed bulletin board showing priority levels I, II and III for all school district programs. Further explanations of these programs were given the Board by Mr. Bongiorno, Mr. Harvey and Mr. Sutton. President Taffet thanked the Superintendent and the Central Staff for this expanded view of the school district budget.

Extensive discussion followed, particularly dealing with concerns about whether the unappropriated balance proposed for 1983-1983 was too small or too large. The Board also discussed the impact of a possible change in the school election date on its budget activity calendar.

A public hearing on the proposed budget for the school year 1983-1984 was held on Monday, March 14, 1983 in the Cafeteria of Bloomfield Senior High School.

This meeting was called to order at 8:00 P.M. by President Taffet.

The following meeting notice was read:

The time, date, location and agenda of this meeting were mailed to the INDEPENDENT PRESS, BLOOMFIELD LIFE, the NEWARK STAR LEDGER and the HERALD NEWS on March 1, 1983, posted on the bulletin board in the lobby of the School Administration Building on March 1, 1983, and delivered to the Township Clerk of the Township of Bloomfield on March 1, 1983.

Board members present were:

- Mrs. Hilda R. Taffet
- Mrs. Kathleen Hutchison
- Mrs. Josephine Cerone
- Mrs. Annette D'Angelo
- Mr. Robert Harney
- Mrs. Diane A. Horowitz
- Sister Ellen M. Kenny
- Mr. Kent Roth
- Mr. Richard West

Staff members present were:

- Dr. Harold Morris
- Mr. Joseph A. Bongiorno
- Mr. Richard L. Harvey
- Mr. George L. Sutton
- Mrs. Hazel P. Thompson,
Administrative Assistant

There were 23 interested citizens in attendance.

The President requested the Secretary to note for the minutes that the proposed budget in the amount of \$21,117,251.71 and the date of this Public Hearing were duly advertised in the March 3, 1983 issue of the Independent Press and that the budget in detail had been available for examination by the public at the Board of Education office.

President Taffet introduced Superintendent Dr. Harold Morris who made a presentation showing the major components of the 1983-84 school budget. Dr. Morris was assisted in this presentation by Joseph A. Bongiorno, Assistant Superintendent of Schools and Richard L. Harvey, School Business Administrator and Board Secretary. A nineteen page handout giving a budget line item analysis and narrative information was distributed to all present.

At the conclusion of Dr. Morris' presentation, President Taffet opened the meeting to questions and answers. Several citizens asked questions. Responses were given by staff and Board members.

A total of eleven detailed questions were asked; most were raised to gain additional information regarding cuts proposed in instructional staffing for 1983-1984. Mr. Bongiorno provided the specific details of staff reductions and additions at each elementary school, junior highs and the senior high school. Other questions dealt with the continuing decline in student enrollments. In response to one question, Dr. Morris stated the Board had no plans to close any schools in 1983-1984.

Each Board member then commented on the proposed budget.

Mr. West explained his belief that the Board could reduce the proposed budget by another \$140,000 in non-education areas without infringing on the instructional portion of the budget.

Mrs. Hutchison asserted that the budget process this year had produced a product which was fair to the taxpayers and to the students at tax increase which was negligible. She indicated that she would support the proposed budget.

Mrs. D'Angelo stated she would support the budget; that it was a fair document and the programs recommended were vital to students and to the community. She also felt this budget would protect real estate values in Bloomfield.

Mr. Roth endorsed the proposed budget, agreeing it was well thought out and developed using the most thorough budget process effort ever.

Mr. Harney supported the budget, stating that while a \$140,000 reduction would appear favorable, it would take away seriously from meeting the needs of children and cut deeply into those quality areas expressed in Budget Level III. He indicated his strong feeling that the budget had been trimmed closely before presentation to the public.

Mrs. Horowitz expressed thanks to the staff, principals, teachers and others who participated in the budget making process, saying it was her feeling this budget was the tightest since 1973. She asserted that further reductions in the non-instructional areas should not be made.

Mrs. Cerone supported the budget and noted that questions raised during the question and answer period expressed the concerns of the public present regarding staff cuts already made.

Sister Kenny explained that the instructional and non-instructional areas could not exist without each other, since all parts of the budget were needed to make up a whole. She felt that the budget was competent and intellectual and would continue to provide Bloomfield with a quality educational system. She related how, in her experience, Bloomfield had become synonymous with "good education".

President Taffet stressed that she fully supported the budget.

The public was reminded that the Annual School Election would be held on Tuesday, April 12, 1983.

An announcement was made that formal action would be taken on the proposed budget on Monday, March 21, 1983 at a public meeting to be held at Oak View School beginning at 8:00 P.M.

There being no further business to come before the Board, this meeting was adjourned at 10:24 P.M.

Upon motion of Mr. Harney, seconded by Mrs. Horowitz, the Board approved special education placement for the following:

He was terminated from the Gramon School in December 1982 for the same reason. As of April 1983, the youngster will be placed at the Palisades Learning Center, Paramus, N. J. The Board is requested to approve the educational cost of his program at the rate of \$7,900 annually. The cost involved is included in the budget because of his previous placement. There will be no additional cost to the Board of Education as this is a transfer from one private school to another.

(Carried unanimously)

Upon motion of Mr. West, seconded by Mrs. Cerone, the Board approved the request for permission to submit a grant application, pursuant to P.L. 94-482, totaling \$30,000. If funded, this proposal would result in the implementation of a laboratory technician training course at the Senior High School. The purpose of the course would be to provide a simulated laboratory setting, through which senior students who are interested in careers as laboratory technicians, could learn fundamental skills, leading to successful placement in such positions upon graduation.

N. J. State Law requires a minimum of 180 school days for pupils. In the event that emergency closing days (snow days) are required, any such days in excess of three(3) will require that the calendar be amended.

Upon motion of Mr. Harney, seconded by Mrs. Cerone, the Board approved the request for permission to submit a grant application for \$10,000 in the area of vocational education, pursuant to Public Law 94-482.

If funded, the Career Orientation and Placement Experience (COPE) Program, will allow for a seven week career orientation and placement experience for twenty (20) special education students at the Senior High School. The program will include---

A two week employment orientation and preparation period,
a four week monitored work experience totaling approximately
forty (40) hours paid through grant funds, and a one week
evaluation and summation session.

Additionally, the proposal provides for career interest surveys, parental involvement and employer interaction with school personnel.

The primary goals of the proposed program are to increase self-awareness, increase career awareness and to sharpen decision making skills. Inasmuch as the district was notified of the availability of this funding opportunity only two weeks ago, it was not possible to include this recommendation as a conference item.

(Carried unanimously)

The Superintendent of Schools, in conformance with Board Policy #212, reports that there were twenty (20) pupils receiving home instruction during the month of March. Fourteen (14) of these cases were due to medical reasons and six (6) were pending Child Study Team recommendations.

Upon motion of Mrs. D'Angelo, seconded by Mr. Harney, the Board approved the special education placement for the following:

Case #6392 - a 15 year old student who has been classified neurologically impaired and requires a special class placement. The Child Study Team requests Board of Education approval for the payment of approximately \$7,900 to the Calais School for the student's special program for the school year 1982-1983.

The money for this placement is in the 1982-1983 budget.

(Carried unanimously)

The Board received Suspension Reports and Alternate School Program Reports for the month of February, 1983 and for March, 1983 from Bloomfield Senior High School, South Junior High School and North Junior High School.

Dr. Morris reviewed suggested Youth Week Board of Education meeting dates.

Director of Buildings and Grounds Sutton reviewed three matters with the Board, including an informal proposal made to Mrs. Evelyn Peterson, Principal, by the Bloomfield Transportation Committee, to locate a bus shelter on the front lawn at Watsessing School, a student patrol trip to Shea Stadium on May 25, 1983 in cooperation with the Bloomfield Police Department and the N.J. State Police Department and a planning conference to be set up with representatives of the Demarest Home & School Association and the Northern Little League concerning the use of the Demarest School property by community groups. Mr. West and Mrs. Cerone agreed to meet with these groups also.

The Board received a schedule for the fingerprinting of elementary school pupils by the Bloomfield Police Department during the months of May and June, 1983.

The Board received a memorandum dated April 15, 1983 from Richard L. Harvey, Secretary of the Board concerning the appointment of Board Attorneys.

Mrs. Hutchison reported the results of a conference held with PATCO, the South Junior High School parent organization, planning for the Board meeting at that building scheduled for May 2, 1983.

There being no further business to come before the Board, this meeting was adjourned at 10:26 P.M.

Respectfully submitted,

Richard L. Harvey

Richard L. Harvey
Secretary

(Carried unanimously)

Upon motion of Mrs. D'Angelo, seconded by Mrs. Horowitz, the Board approved the renewal of contracts with the Essex County Educational Services Commission for purchase of direct services to non-public school students, pursuant to P.S. 192-193.

Background:

Under law, Bloomfield students who attend non-public schools are entitled to receive certain services which are available to their public school peers. These include compensatory education in communication and computation basic skills, speech correction, instruction in English-as-a-second language, supplemental instruction, home instruction, and examination and classification of handicapped students. It is the legal responsibility of the public school district in which the student resides to provide these services. Because the relatively small number of students involved are dispersed among several different geographic locations, it is more efficient to purchase the needed services than to provide them.

Present Status:

To date, services have been provided to non-public school Bloomfield students as follows:

Corrective Speech	87 (students served)
Examination & Classification	1
Supplemental Instruction	10
English-as-a-Second Language	6
Compensatory Education	50
Total	154

Funding:

State funds are available under Chapters 192 and 193 of Laws of 1977. The cost of the program last year was approximately \$55,000. Under the provisions of the contract, the district's financial liability cannot exceed the State allocation.

The roll was called and the vote was:

- YES - 7
- Present but not voting - 1 (Sister Kenny)
- ABSENT - 1

(Motion carried)

Upon motion of Mrs. Cerone, seconded by Mr. Harney, the Board approved of special education placement for the following:

Case #7042- a neurologically impaired student who moved from Belleville to Bloomfield on April 1, 1983.

Upon motion of Mrs. Hutchison, seconded by Mrs. Horowitz, the Board authorized the fiscal year 1984 application to be submitted for the Basic Skills Improvement Program (BSIP). A comparison of 1982-1983 to 1983-1984 is as follows:

1982-1983

<u>Chapter I</u>	<u>State (SCE)</u>	<u>Local</u>	<u>Total</u>	
226,690	192,497	179,805	598,992	(21 teachers)

1983-1984

192,686	198,240	203,486	594,412	(21 teachers)
---------	---------	---------	---------	---------------

Note: As greater numbers of students have succeeded in meeting state standards, the number of students eligible for remedial services, each year, has decreased from 17% in 1979-80 to an average of about 12½% over the past three years. In response to this decline, staffing has been cut back from 29 full-time equivalents in 1979-1980, to 21 full-time equivalents in the present year. Projected enrollments for fiscal 1984 indicate a continued need for 21 full-time equivalent positions.

It is the recommendation of the Superintendent of Schools that the following resolution be approved:

Resolved, that the Bloomfield Board of Education authorize the submission of the fiscal year 1984 application for funding of the Basic Skills Improvement Program (BSIP) pursuant to Chapter I of the Education Consolidation and Improvement Act (ECIA) of 1983 in the amount of \$192,686.

The Board received the fire exit drill reports for the month of June, 1983.

The Superintendent led a discussion of the following Board interest items:

A Music Literature course, a status report on lighting at Foley Field and a review of correspondence with Mayor John Kinder on this topic, and district priorities, including updating of the Master Plan. On this topic, Dr. Morris proposed that a joint committee of Board members and administrative staff begin work to prepare recommendations for consideration by the full Board. The Board also considered a request from the Fifth Quarter Club to play three Tiger Football games at Foley Field on Sundays in the fall of 1983 and planned summer meeting dates.

There being no further business to come before the Board, this meeting was adjourned at 10:05 P.M.

Respectfully submitted,

Richard L. Harvey

- WHEREAS, the resulting conditions present a hazard to the public, and

Upon motion of Mrs. Cerone, seconded by Mr. Roth, the following resolution was unanimously adopted:

BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on September 26, 1983 at the close of the scheduled meeting regarding personnel matters.

It is expected that the discussion undertaken in this closed session can be made public at the time official action is taken.

Upon motion of Mr. Roth, seconded by Mrs. Horowitz, the Board approved the minutes of special meetings, as listed below:

Monday, July 11, 1983
Monday, July 25, 1983
Monday, August 1, 1983

(Carried unanimously)

The Board considered the five page memorandum from Secretary Harvey dated September 23, 1983 dealing with final financial reports for the 1982-83 school year and with appropriations transfers for the 1982-83 school year budget.

Extensive discussion followed.

Mr. West moved to act on the transfer of appropriation balances on October 3, 1983, to allow the Board to fully consider the subject in conference at this meeting. Mr. Harney seconded this motion.

Discussion followed regarding the impact of deferring action on this item as it would impact on the closing of the 1982-1983 financial records. Board Secretary Harvey reported that books should be closed by law by October 1 and that the next meeting of the Board would be on October 3. He explained that these transfers were required by law to permit the auditor to close out the books.

Dr. Morris suggested that if the Board wished to fully explore this subject this evening and if fully satisfied might wish to act on it later tonight.

President Taffet suggested to Mr. West he consider withdrawing his motion to permit a full discussion of the topic tonight. Both Mr. West and Mr. Harney agreed.

More discussion of the appropriations transfers followed. The Board considered a detailed outline entitled "Budget Expenditure, Appropriation and Cash Disbursement Analysis, 1982-1983 School Year, July 1, 1982-June 30, 1983".

Upon motion of Mr. Harney, seconded by Mrs. Horowitz, the following resolution was adopted:

"BE IT RESOLVED, that the Board of Education approve the transfer of appropriation balances from one account to another within the J-1 portion of the current expense budget for the school year 1982-1983 as per the listing submitted."

"RESOLVED, that the Board of Education adopts a seconding reading of revised Policy #606, as attached."

POLICY NO. 606
FINANCES

PURCHASES SUBJECT TO BID

It is the policy of the Board that the public good be the primary consideration in determining bidding requirements. In order to do so, the bidding procedures shall provide equal opportunity to each responsible vendor to furnish supplies and equipment and to keep the administration, Board and public informed on business matters. Further, purchases shall, whenever possible, be on an aggregate basis and not be intentionally split to avoid requirements for competitive bidding.

The following policy is adopted for the guidance of the administrative staff in identifying those items for which competitive bids must be obtained to insure compliance with State statutes, and to delegate the authority necessary to conduct the bidding procedures in an orderly and efficient manner.

All supplies, equipment and services procured by the district whether by purchase, contract or agreement--including acquisition by: sale, lease, exchange, discount, negotiation, mortgage, pledge, lien, issue or reissue or any other voluntary transaction for consideration creating an interest in property not made by contract or agreement--shall be subject to bidding whenever applicable statutes or decisions of the court and Commissioner so specify. Should a conflict exist among said statutes and decisions, it is the policy of the Board that the provisions of the Local Public Contracts Law (40-A:11-1 et seq) be followed.

Bid specifications shall be prepared by the School Business Administrator who may prepare bids in the alternative. Each bid specification shall indicate the Board's right to reject all bids and to readvertise and to accept reasonable equivalents. Unless exempt by law, all items having an aggregate purchase value of more than \$7500 are subject to competitive bid.

The School Business Administrator is authorized to advertise for bids in accordance with statutory procedures without prior approval of the Board, but shall inform the Board of this action at the meeting next following such action. Records shall be kept in sufficient detail to show that a reasonable number of qualified vendors were invited to bid.

Bids may be opened publicly by the School Business Administrator before one or more witnesses at a previously designated time and place. Contracts shall be awarded to the lowest responsible bidder upon resolution of the Board, unless the Board chooses to reject all bids, to readvertise, or to purchase under a State contract.

The roll was called and the vote was:

YES - 8

ABSENT - 1 (Mrs. Horowitz)

(Motion carried)

Upon motion of Sister Kenny, seconded by Mrs. Hutchison, the Board adopted the following resolution for the Second Reading of Policy #607, which was read by the Secretary:

"RESOLVED, that the Board of Education adopts a second reading of revised Policy #607, as attached."

POLICY NO. 607

FINANCES

PURCHASES BUDGETED

It is the policy of the Board that when funds are available all purchases contemplated within the current budget and not subject to bid be made in a manner that tends toward the insurance of maximum educational value for the district.

All purchases that are within budgetary limits may be made upon authorization of the Board Secretary. Before the Secretary places a purchase order for educational material, approval must be obtained from the appropriate assistant superintendent who shall check as to whether the proposed purchase is in conformance with the educational program, and whether the material might be available elsewhere in the district.

The School Business Administrator shall solicit at least three quotations from independent sources for the supplies, equipment or services desired whenever possible and when the contemplated expenditure is more than \$1500. and not made under a State contract. All quotations received shall be retained in conformance with the New Jersey Administrative Code.

In the interests of economy, fairness and efficiency in its business dealings, the Board requires that:

- a. Items commonly used in the various school or units thereof be standardized whenever consistency with educational goals can be maintained.
- b. Opportunity be provided to as many responsible suppliers as possible to do business with the school district. To this end, the responsible administrator shall develop and maintain lists of potential suppliers for various types of supplies, equipment and services.
- c. The School Business Administrator shall make alternate suggestions to the requisitioner if, in his/her judgment, better service, delivery, economy, or utility can be achieved by changing the proposed order.

Upon the placement of a purchase order, the Secretary shall commit the expenditure against a specific budget line item to guard against the creation of liabilities in excess of appropriations.

Superintendent Morris emphasized he expected all students to follow established channels to have issues redressed. There was also a discussion of teacher accessibility before the beginning of the school day and after school. Discussion followed concerning the possible need for a late bus from the high school.

The Secretary certifies that items recommended for award represent the low bid received when the vendor's bid was for the material specified or an acceptable alternate.

Richard L. Harvey
Secretary

December 12, 1983

(Carried unanimously)

Upon motion of Mr. Harney, seconded by Mrs. Horowitz, the Board approved the minutes of the regular Board meeting held on November 7, 1983.

The roll was called and the vote was:

YES - 5

NO - 0

ABSTAIN - 4 (Mrs. Cerone, Sister Kenny, Mr. Roth, Mr. West)

(Motion carried)

Upon motion of Mrs. Hutchison, seconded by Mr. Harney, the following resolution was unanimously adopted:

BE IT HEREBY RESOLVED pursuant to N.J.S. 10:4-13 and 10:4-12 that the Bloomfield Board of Education hold a closed session on December 12, 1983 at the close of the scheduled meeting regarding individual student and legal matters.

It is expected that the discussion undertaken in this closed session cannot be made public in the foreseeable future.

Board Secretary Harvey reported to the Board the opinion of the Board Attorney regarding the handling of minutes of Board meetings. Mr. Schwartz had advised that members not present at a meeting should not vote on the minutes of that meeting and that Board action on minutes should be separate for each set of minutes. Discussion followed regarding the timing of presenting minutes to the Board for approval. It was agreed that minutes would be forwarded to the Board as soon as completed.

The meeting was opened to public questions. There were none.

At 8:28 p.m., a conference of the Board began.

The Board considered approval of an annual award to a graduating senior by the Bloomfield High School German Club and an orientation packet for new Board members prepared by Vice President D'Angelo.

Following a review of a memorandum prepared by the Board Secretary recommending the employment of the services of an insurance consultant, and upon motion of Mr. Roth, seconded by Mr. Harney, the Board concurred in this recommendation.

(Carried unanimously)

The following information items were received by members of the Board:

- (1) Bloomfield Schools at Work - a new community newsletter.
- (2) Details of the Superintendent's Conference Day devoted to in-service training on January 18, 1984.
- (3) A complimentary letter from Frank Pallante, Chief School Administrator of the Norwood Public Schools and a North Junior High School parent.
- (4) A Fire Exit Drill Report for the month of November, 1983.
- (5) An invitation to a Bloomfield High School retirement dinner on January 15, 1984.
- (6) A letter from the new field representative for New Jersey School Boards Association.
- (7) An invitation to a holiday party at Schwartz, Pisano and Simon, Esqs.

Board members received copies of the agreement with the Bloomfield Education Association for 1983-1986.

Mrs. Diane Horowitz, the Board's representative to the New Jersey School Boards Association reported on the action taken by the Delegate Assembly of that body on December 10, 1983.

There being no further business to come before the Board, this meeting was adjourned at 9:23 p.m.

Respectfully submitted,

Richard L. Harvey
